i The wellbeing effect of income, relative to other factors, is an important part of our research, so we would be very grateful for your answers here. Please be assured that your information is confidential.

Remember that in this survey a **household** means:

- one person living alone, or
- a group of people living at the same address who share common housekeeping or a living room.

What is your **household's** total gross annual income? This is:

- for all household members,
- from all sources (earnings, benefits, investments, etc.), and
- before taxes and National Insurance.

If you are not certain of an amount, please give your best estimate.

And what is your own **individual** total gross annual income? Again, this is:

- from all sources (earnings, benefits, investments, etc.), and
- before taxes and National Insurance.

If you are not certain of an amount, please give your best estimate.
